Operable Unit No. 2 Prairie Dog Encroachment

Sue Stiger, Associate General Manager  
Environmental Restoration Management  
EG&G Rocky Flats, Inc.

We have noticed the encroachment of Prairie Dogs westward in Operable Unit 2 (903 Pad, Mound, and East Trenches). We are concerned about encroachment into the area of surface soil plutonium/ameridium contamination.

EG&G should prepare a plan of action on how to deal with this potential problem.  
Please prepare a response by August 31, 1994.

If you have any questions, please contact Scott Grace at extension 7199.
